

## Flood Waters Losing Force

### Far West Hit By Snow And Sleet

By The Associated Press  
Rampaging midwest flood waters—the worst in 13 years—showed hopeful signs Thursday of losing their force.

Snow, sleet and freezing rain disrupted traffic and communications in the Pacific northwest. Many schools in western Washington had to close and some rural residents were marooned.

More than 3,000 persons have been driven from their homes along the Mississippi and Ohio rivers and their tributaries, but tension eased at the most critical spots.

**Outlook Hinges on Two Things**  
The outlook hinged on two things—the weather for the next few days and the strength of the levees holding back the swollen rivers.

The bloated Wabash river began rising slowly again at Vincennes, Ind., but that city's 20,000 residents wrote off the flood threat as virtually ended.

The weather bureau said the crisis passed Wednesday when the waters lapped to within five inches of the top of the city's 29 foot floodwall and then began falling. The water bounced back to 27.10 feet after sinking to 26.82 Wednesday night, but forecasters said only "minor fluctuations" were expected for the next three or four days.

At Cairo, Ill., the second major danger spot, the Mississippi river was expected to crest Thursday night at 55.5 feet. Army engineers said that if the waters stay below 57 feet the Birds Point-New Madrid spillway in southeast Missouri, probably will not be flooded.

**9,000 Have Fled**  
About 9,000 of the floodway's 12,000 residents have fled from their homes in expectation that their levee would be punctured to take the strain off flood walls in more populated areas.

A forecast for at least two days of cold and clear weather throughout the Ohio river valley gave rise to hopes the present crisis might pass.

However, that will not mean the danger is completely gone. Most rivers are high because of abnormally heavy winter rainfall and steady rains could revive the threat.

Generally fair and cold weather extended from the northern plains to Central Texas eastward to the middle Atlantic and New England States. Most of the gulf states and Florida had warm weather. There was some rain in the Ohio river valley and rain, freezing rain or snow were reported in the northern Rockies and the Pacific northwest.

Bitter cold clung to some Canadian border states with Bismarck, N.D., reporting 26 below. Havre, Mont., -21 and International Falls, Minn., -28.

### Girl Found Alive In Her Coffin Just Before Her Burial

Port Au Prince, Haiti, Jan. 19—(AP)—Doctors are studying the strange case of a young woman discovered to be alive in her coffin just as her mourning family was about to bury her.

Medical authorities said the woman, Anita Souffrant, 26, from the rural district of Saint Michel, had lost consciousness after a six-month illness during which she was dosed with medicines recommended by sympathetic friends.

On Dec. 14, authorities said, Anita's family decided she was dead and arranged a funeral.

On the way to the church mourners were startled to hear noises coming from Anita's coffin.

They looked inside and found her breathing.

The local priest ordered the girl rushed to the General hospital at Port Au Prince. Dr. Paul Desmangles, head of the hospital staff, said Anita gained full consciousness three days after her "funeral" and was able to talk intelligently.

He said her illness had been diagnosed as a type of malaria. Her condition, he said, was fair.

### Russians Claim 52 World Records

London, Jan. 19—(AP)—Soviet Russia, which shuns most international sports events outside the iron curtain, claimed tonight its athletes have been tops at world championships.

The Moscow radio said Russian athletes "in six main types of sports" now hold 52 of 205 registered world records.

"This is almost twice as many as the United States, three times as many as Sweden and France and six times as many as Norway and Italy," said the radio, quoting the Moscow newspaper Sovetsky sport. It did not specify exactly what world records the Soviet Union claimed.

### House Refuses To Grant Further Aid To Southern Korea

Washington, Jan. 19—(AP)—The Truman administration suffered a stinging foreign policy defeat today when the House refused to grant further economic aid to southern Korea.

By a two-vote margin the House rejected the administration's request for \$60,000,000 to help bolster the little republic's economy during the next six months.

In hot debate preceding the vote, critics of the administration cried that granting the funds would be throwing money down "a rathole."

The vote reflected dissatisfaction with the Truman far eastern policy. Many Republicans have been denouncing the president's decision not to help Generalissimo Chiang Kai-Shek of China make a last-ditch stand on the island of Formosa against the Chinese Communists.

Both President Truman and Secretary of State Acheson had made personal appeals for approval of the Korean fund to supplement a similar amount Congress voted at the last session. Acheson said that without aid southern Korea would collapse "in two or three months."

But Republican critics of the administration's far eastern policy mustered enough support from the Democratic side to defeat the measure on a rollcall vote of 193 to 191.

The tally showed that 61 Democrats lined up with 131 GOP colleagues and one American-labor against the bill. Only 21 Republicans voted in favor of it, along with 170 of Mr. Truman's party.

Belleville, Ill., Jan. 19—(AP)—State highway patrolman Glenn Barthelme last night investigated an accident in which a pedestrian was killed by an automobile on Illinois Highway 15.

When he saw the body he identified it as that of his uncle, Hugo Barthelme, 46, a railroad watchman.

Robert Lacquet of Mascoutah, Ill., driver of the car, said he was blinded by the lights of an oncoming vehicle.

Springfield, Ill., Jan. 19—(AP)—Chester D. Brown, Jr., of Champaign was reelected president of the Illinois Master Plumbers association at the close of the annual convention today.

Other officers reelected were Ed C. Rust of Belleville, first vice president; Roscoe L. Wagner of St. Charles, second vice president; P. J. Brown of Chicago, treasurer, and William R. Brook of Chicago, secretary.

Sterling, Ill., Jan. 19—(AP)—Paul W. Dillon, president of the Northwestern Steel and Wire company which employs about 600 veterans, received an American Legion National Veterans employment award last night.

The award was presented by Lawrence J. Fenlon, chairman of the Legion National Economic commission, at a program attended by about 1,000 persons in the Sterling coliseum.

**Hiss Lawyer Sums  
Up Defense As 2nd  
Trial Nears End**

New York, Jan. 19—(AP)—Alger Hiss' lawyer called Whitaker Chambers a liar and Henry Julian Wadleigh "the real thief" of state secrets today in a final appeal for Hiss' acquittal of perjury charges.

Hour after hour, as the two-month-long second trial of the former high state department official drew toward a close, Boston Attorney Claude E. Cross summed up for the defense, contending:

1.—That the government's case depends solely on lying testimony by Chambers, self-confessed ex-runner for a prewar Soviet spy ring; and

2.—That the "pumpkin papers" produced by Chambers were not given to him by Hiss but by Wadleigh, a longtime State department aide who has admitted giving Chambers some secret data.

The jury probably will begin deliberations tomorrow after assistant U.S. Attorney Thomas P. Murphy sums up for the prosecution and Federal Judge Henry W. Goddard gives his charge.

The "pumpkin papers" are micro-filmed copies of State department documents. Chambers produced them from a hollowed-out pumpkin on his Westminister, Md., farm and told congressional investigators that Hiss supplied the documents.

**Demos Beat Down  
GOP Bid To Vote  
On Excise Tax Cut**

Washington, Jan. 19—(AP)—The Democratic majority in the Senate today beat down a Republican move for immediate consideration of a \$670,000,000 reduction in excise taxes.

A motion by Senator Cain (R-Wash.) to lay aside other business and take up the excise cuts was defeated 45 to 35. The vote followed party lines, with one exception. Senator McCarran, Nevada Democrat, voted with 34 Republicans on the losing side.

The decision, however, did not foreclose action later this session on the excise tax issue. Democratic Leader Lucas pledged that the Senate will have a chance to vote later on the matter, but he insisted that action be delayed until after President Truman submits his tax recommendations.

The president told his news conference today that technical matters are holding up his tax message, but that he will send it to Congress as soon as he can whip it into shape.

The taxes that Cain demanded be cut back to their 1946 levels are levied on such things as fur, cosmetics, jewelry, long distance phone calls and passenger tickets.

### Says U. S. Favors Hydrogen Bomb

#### Illinois News Briefs

Chicago, Jan. 19—(AP)—The Chicago and Eastern Illinois railroad said today that passenger trains, rerouted for more than a week because of flood conditions along the Wabash river in Southern Illinois and Indiana, have been returned to normal routes. Waters of the Wabash and its tributaries have receded and the road tracks are now well above water, the railroad said.

Cairo, Ill., Jan. 19—(AP)—Neighbors found the body of Amy Hurt, 78, who apparently had fallen and drowned in back flood waters at her nearby future city home yesterday. She lived alone.

Belleville, Ill., Jan. 19—(AP)—State highway patrolman Glenn Barthelme last night investigated an accident in which a pedestrian was killed by an automobile on Illinois Highway 15.

When he saw the body he identified it as that of his uncle, Hugo Barthelme, 46, a railroad watchman.

### Report Work On Superbomb Already Begun

Washington, Jan. 19—(AP)—Prevailing opinion in the Truman administration today was reported favorable to production of the hydrogen super bomb on which experimental work is already being pushed.

President Truman himself left wide open the possibility that he may eventually order production of the weapon which some estimates say would be 1,000 times more powerful than present A-bombs.

The chief executive did this at his news conference by refusing to comment on a direct question whether production of the hydrogen bomb is being considered by him. This contrasted with the specific answers he gave to a number of other inquiries on atomic matters.

**Raised With A-Bomb Control**  
The superbomb question was raised in connection with spreading reports of top level discussions centering on whether this country should make another effort to obtain Soviet agreement on atomic controls or whether it should go ahead with its super bomb plans regardless.

When asked point blank: "Are you considering direct negotiations with Russia on the H-bomb?" The president replied with a flat no.

He gave a similar denial when a reporter inquired whether Chairman David E. Lillenthal of the Atomic Energy Commission had offered to undertake a special mission to Moscow on the atomic problem.

Lillenthal, who is due to resign February 15, is understood to oppose production of the hydrogen bomb at least until another effort has been made to win the Soviets over to this country's proposal for strict international control of all atomic weapons.

**Makes No Comment**  
But when Mr. Truman was asked "Do you have under consideration the production of a hydrogen bomb?" he fended it off with the statement he could make no comment.

His answer was in line with information available from top officials in the administration which boils down to this:

1. At some point, probably in a matter of a few weeks, the president will be directly confronted with the need of deciding whether the American government should go ahead with construction of a bomb which scientists believe could devastate an area covering hundreds of square miles.

2. Present government policy calls for assembly of all facts on the subject—a factor which top officials interpret as meaning that experimental work, preliminary to production, is moving ahead full scale.

3. The possibility of manufacturing the H-bomb figures largely in the state department's review of international atomic policy. The primary question there is whether any kind of new approach could be made to the Russians at this time which would brighten the prospects for an eventual international control of atomic energy?

**Pledge \$100,000  
For New Hospital  
In Pekin District**

Pekin, Ill., Jan. 19—(AP)—The lagging drive for funds for the Pekin Public hospital received new stimulus today with an announcement of a \$100,000 pledge.

Bernard P. Hoffman, president of the hospital board of trustees, made the announcement in an address to the Pekin Kiwanis club. He said that amount had been pledged by employees of the Caterpillar Tractor company in East Peoria. The plant is nine miles from Pekin and many of the employees reside in Pekin.

Hoffman also said there have been other "substantial pledges amounting to several hundred thousand dollars" which will be announced after the companies give their permission.

The building and renovation program will cost \$1,500,000, of which \$750,000 must be raised by public subscription before state and federal governments will supply the remaining half.

Earlier there had been reports that the project might have to be abandoned because the campaign for funds had fallen far short of its goal.

**FRIENDS APPROVE POLICY**  
Philadelphia, Jan. 19—(AP)—A hands off policy in China's civil war has been urged by the executive board of the American Friends Service committee.

The Friends wrote yesterday to President Truman commending him for his decision to provide no further aid to the Nationalist forces in Formosa.

Reports of its own workers in China was the basis for its view, the Quaker organization said.

In 1938 a French chemist, C. Thilorier, produced solid carbon dioxide, the "dry ice" of today.

### Jeering Miners Reject Union Plea To Return To Pits

Pittsburgh, Jan. 19—(AP)—Thousands of jeering coal miners today rejected demands they go back to work.

The action in West Virginia and Pennsylvania came on the heels of new violence in the seven-state walkout of 90,000 United Mine Workers.

William Hynes, president of UMW District 4, was booed at a mass meeting in southwestern Pennsylvania. He was escorted to his car by several friends.

There was only one sign of a break in the strike which John L. Lewis has suggested be ended. In the Pittsburgh area (District 5) UMW officials reported success in persuading representatives of about 10,000 miners to obey Lewis.

Hynes, speaking to more than 1,000 diggers at Brownsville, Pa., asked the miners to go back to work. Wild confusion reigned. Angry shouts were heard. One miner yelled:

"We starve on the three-day work week. We might just as well starve with no work until we get a contract."

District No. 4 has about 20,000 miners.

Possibility that some 12,000 miners in northern West Virginia will continue their walkout came from a meeting at Monongah, W. Va. About 1,500 miners rejected vociferously, but without a vote, a movement to return to work.

Cecil J. Urbanik, UMW District 31 president who called the meeting, said afterwards he was convinced at least two-thirds of the members would have voted to remain on strike had a formal vote been taken.

### Mother And Son Sentenced To Die For Slaying Girl

Franklin, Tenn., Jan. 19—(AP)—A mother and her son stood side by side today and, without batting an eye, heard themselves sentenced to die in the electric chair.

Mrs. Betty Burge, 37, slightly built five-foot tall boarding house operator and a grandmother, and Sherman Burge, 35, a muscular slaughterhouse worker, were found guilty of the December slaying of a waitress.

Mother and son were removed immediately to the state penitentiary at Nashville. Date of their execution was deferred pending action on an appeal.

They were convicted of first degree murder in the killing of Mrs. Mary Opinsky Dean, 25, of Indianapolis, Ind., and formerly of Uniontown, Pa. Her body, the throat slashed from ear to ear, was found on a Franklin school yard last Dec. 12.

The Dean woman was killed, Woodard testified, because she threatened to implicate the Burges in a killing here two years ago. Mrs. Dean had been a visitor here on previous occasions.

Both Mrs. Burge and her son denied any part in the killing. Sherman Burge is the father of three children.

### BODY OF TAVERN OWNER FOUND SHOT

Chicago, Jan. 19—(AP)—The body of a tavern owner who had been shot and probably thrown from a car was found last night in a ditch near the south side suburb of Dixon.

Lt. Charles Grupp of Homewood sheriff's police said the man was Rossario Davi, 51, of Suburban Harvey Grupp said Davi had been shot once in the chest with a .38 caliber gun. Bruises on Davi's head indicated, Grupp added, that he had been thrown from a car.

Sgt. Edward Flynn, also of the Homewood sheriff's office, said Davi had reported several weeks ago that a man tried to stab him but he refused to give any details.

### J. Edgar Hoover Steps In To Head Search For Robbers

Boston, Jan. 19—(AP)—J. Edgar Hoover stepped into the hunt for Boston's million dollar bandits today. A few hours later heads of all time and manpower and duplication police agencies were summoned to map a unified search without waste or duplication.

Hoover, the nation's chief crime fighter as director of the Federal Bureau of Investigation, assumed over-all supervision of the widening manhunt for the grotesquely masked gunmen who set a new record in larceny Tuesday night by snatching a cool thousand dollars cash from an armored truck stronghold.

Later today the Massachusetts attorney general, Francis E. Kelly, called a general co-ordinating conference in his office tomorrow at 9:30 a.m. (CST).

He called Commissioner Thomas F. Sullivan of Boston, State Public Safety Commissioner John F. Stokes, head of the state police, agent-in-charge Edward A. Soucy of the FBI in Boston, Commissioner William J. Morrissey of the Metropolitan district police, and every Massachusetts district attorney.

Kelly said that with the bandits' and the tipster—who had telephoned growing cold 48 hours after the holdup it was necessary "to coordinate efforts of every law enforcement agency of the state and federal gov-

### Truman Sees No Coal Crisis

#### MEYER APPOINTED TO MEDICAL CENTER

Springfield, Ill., Jan. 19—(AP)—Governor Stevenson today appointed Dr. Karl A. Meyer of Chicago as a member of the Chicago Medical Center commission.

Dr. Meyer, whose term will expire in July of 1953, succeeds Albert D. Farwell who resigned. Farwell represented the Cook county hospital and the University of Illinois on the commission.

The commission is composed of seven members who serve without pay. Its purpose is development and maintenance of the medical center district in Chicago.

### Nation's Leaders Pay Last Respects To General Arnold

Washington, Jan. 19—(AP)—General of the Air Force Henry H. Arnold, finished with wars, went to his grave today in the peaceful hush of a snowstorm.

In the chill wind that swirled through the amphitheatre of the Arlington National cemetery were President Truman and the other leaders of the government and armed forces.

They came to say farewell to the man who in World War II led the world's mightiest air force.

The air force chaplain who conducted the rites for Arnold told them that "the flight of another airman is over" and that now he rests "a while under the arching sky awaiting the bird's call."

Mr. Truman arrived at the amphitheatre a few minutes before the ceremonies started, bundled in a heavy coat, wearing a black hat. At either side sat his military and diplomatic chiefs, Secretary of Defense Johnson and Secretary of State Acheson.

Arnold's grieving widow watched the ceremonies from the seclusion of a recess of the amphitheatre stage where her husband's flag-draped casket stood. A single spray of red carnations lay at its foot.

When the casket, which had been carried from Washington to the cemetery on the traditional horse-drawn gun caisson, was borne into the amphitheatre, the chiefs of the military high command paced slowly behind it, led by Gen. Omar Bradley, chairman of the joint chiefs of staff.

**Says State Public  
Aid Must Be Based  
On Person's Needs**

Chicago, Jan. 19—(AP)—Governor Stevenson said tonight that aid to persons on relief must be based on individual need and "not sacrificed to any inflexible determination to keep expenditures within appropriations."

The governor said the great majority of people getting help under the four programs run by the Illinois Public Aid commission are deserving.

In a speech prepared for the 50th anniversary meeting of the Jewish Federation of Chicago, Stevenson said he was "concerned" about IPAC spending, added:

"I am confident that all will agree that a shortage of appropriated funds must not be permitted to interfere with justified demands for public assistance."

"If the money to do the job is not sufficient, we will have to find more," he said.

**Parole Violator  
Gives Himself Up  
As He Falls in Love**

Decatur, Ill., Jan. 19—(AP)—A young parole violator who fell in love and wanted to get married surrendered to Decatur police last night.

The young man, Robert L. Allen, 23, a native of Dearborn, Mich., told police Lt. Howard Bridges he had paroled from the Ohio State prison at Mansfield, O., last August. He said he had served 14 months on a charge of auto theft.

Bridges said Allen told him he was paroled to his sister, Mrs. Frances Zelek, 3504 Bingham Ave., Dearborn, Mich., but left the state soon after, thereby violating his parole.

He roamed around the country and while in Enfield, White county, Ill., met a girl and fell in love. Bridges said Allen related:

"Now I want to get things straightened out with authorities and get my record cleared so I can marry this girl," the officer quoted Allen.

He refused to name the girl. Allen was quoted as saying he decided to surrender after talking it over with his brother, John, who lives in Decatur.

The young man had two cents in his possession when he gave himself up. He was held in Macon county jail pending arrival of Ohio authorities.

**CRIPPS SPEAKS  
IN CAMPAIGN**

London, Jan. 19—(AP)—Labor chancellor of the exchequer Sir Stafford Cripps urged British workers last night not to change horses in "the middle of what is still a pretty tough stream of world events."

In a major Labor party campaign speech, the director of Britain's economy said a return to Winston Churchill's conservatives would constitute "the death warrant of democracy."

### Says Denham Acted On His Own In Suit

Washington, Jan. 19—(AP)—President Truman said today that he had nothing to do with Robert Denham's injunction suit against John L. Lewis—and that he himself will step into the coal situation when it becomes necessary.

But he asserted, as he has on several previous occasions, that there is no national emergency now requiring presidential intervention.

Thus he replied to an insistent clamor from congress members and others who insist that the mid-winter coal shortages caused by Lewis' three-day week and the intermittent strikes in the coal fields constitute an emergency.

Told Him In Advance  
Mr. Truman said that Denham, general counsel of the National Labor Relations Board, told him in advance of the suit filed yesterday in an effort to halt the three-day week. But the president said the White House had nothing to do with the suit.

Denham acted under the Taft-Hartley act contending that Lewis was employing unfair labor practices to force operators to sign a contract containing illegal features.

Mr. Truman also has been urged to seek an injunction banning the shortened work schedule under a section of the act dealing with the general welfare. He told reporters today that he is in constant touch with the supply situation. He'll take action when developments make it necessary, he added.

## GEN. "HAP" ARNOLD

General H. H. Arnold, who started his career as an Army aviator in 1911 when he went to Dayton, O., as a young lieutenant to take flying instruction in the nation's first flying school conducted by the Wright brothers, saw this nation's air might grow from one "crate" capable of being flown—at great risk to the pilot—at a speed of 60 miles an hour, to the most formidable military weapon in history equipped with jets with speeds faster than sound.

But it will be as head of the U. S. Army Air Force in World War II that General Arnold will be remembered. He headed this branch of the service from 1938 until 1946, when he retired because of ill health, and it was Arnold who proposed the building of 50,000 planes early in the war, when that figure was regarded as fantastic.

The fate of Hitler was sealed when the U. S. Army Air Force achieved mastery of the air in Europe. From then on enemy cities, installations and forces were strafed unmercifully until enemy morale, too, was reduced to rubble. The story was repeated in the Pacific, where Japan was subjected to punishing bombardment from the air, climaxed by the dropping of two atomic bombs. The rest is history.

## ENGAGEMENT TOLD

EVELYN R. HAMBURGER

Mrs. Harriet N. Hamburger of New Haven, Conn., announces the engagement of her daughter, Miss Evelyn Ruth Hamburger, to Claude Taylor Anderson, son of Mr. and Mrs. William Anderson of Chapin, Ill.

Miss Hamburger is the daughter of the late Samuel B. Hamburger. She attended Bucknell university, and was graduated from the University of North Carolina in 1947. She is a senior student at the Yale University School of Nursing.

Mr. Anderson is a graduate of Knox college, Galesburg, Ill., where he was elected to Phi Beta Kappa. He is a Yale medical student, at present studying in Oxford, England, on a Rhodes scholarship. Mr. Anderson served as a first lieutenant in the air force.

The couple plans to be married in England in June.

## Awning Catches Fire At Store

A fire alarm was turned in at 11:20 o'clock Thursday morning from the Montgomery Ward store on the north side of the square. An awning on the east side of the building had become ignited from an unknown cause.

A hole about three feet square was burned in the awning before the blaze was extinguished with water from a booster pump.

A carelessly flipped cigarette from a passerby on the sidewalk may have been responsible for the fire.

## Home From Visit On West Coast

Mr. and Mrs. Harry Thelvaug of Sangamon Valley have returned from a month's visit over the holidays at the home of their daughter, Mr. and Mrs. Paul Watkins, Phoenix, Ariz. While there they visited Mrs. Thelvaug's sister, Mr. and Mrs. Leonard, winners of Pasadena, Calif. Parade of Roses. Included in the parade was a float representing Illinois and produced by the mayor of Springfield. It took first prize in its division. Other places of interest visited in California included Los Angeles, Hollywood, Riverside, Beverly Hills and many others.

## The Poor Man's Philosopher On The Hydrogen Bomb

New York—(P)—Mankind has been trying to play God for a long time. Soon it will have the chance to play the role out to the last curtain fall.

The new hydrogen bomb — the latest demon in our long cosmic comedy — is already muttering on the horizon like an off-stage actor waiting to rush on and bring the action to a final climax.

This climax is the downfall of man, self-betrayed into ultimate ruin by his own ambitious nonsense. Jokes have a way of coming true. And the hydrogen bomb provides mankind an opportunity of fulfilling a 1945 joke that seemed wryly funny at the time.

It arose after the uranium atom bombs, now old-fashioned, were dropped on Japan. The joke:

A third world war came in which the nations tossed atom bombs around like baseballs. When the radio-active clouds finally lifted, all life had been destroyed on earth except two dazed apes hanging from a tree in Africa.

And the papa ape, after glancing at the boundless devastation, turned to the mama ape and said sadly:

"Well, honey, now I guess we'll have to start the whole damned business all over again."

Wasn't that good for a laugh way back in 1945?

The uranium bomb of that day was just a horse-and-buggy bomb. It could devastate an area of only ten square miles or less—and kill only 100,000 people under ideal conditions.

The hydrogen bomb itself may be 1,000 times as powerful as the uranium bomb. It will devastate 50 square miles — perhaps 100 — and could theoretically easily kill 1,000,000 people or more in large cities.

Quite an argument for a place in the country, isn't it? But what country?

There will be great argument over whether the hydrogen bomb should ever be built. But since science knows no boundaries anymore than does the wind, the technique of making one will be no secret. And since any large country could make one, each will begin making them as a protection against each other.

Yes, the hydrogen bomb is pretty sure to be made.

And if it is made the chances are 10,000-to-1 it will be dropped—sometime.

For it is unlikely mankind will give up its long passion for playing God. God—or the Gods—set up a system which can both create life or cause death. So far man has preferred to imitate God chiefly in his death-dealing power.

The one chance in 10,000 that the hydrogen bomb won't be used lies in the possibility that mankind will cease aping the jungle God of war and hate, and truly act as an image of the God of life, who stands in many languages for love and eternal peace.

**HOUSEHOLD HINT**

**MOIST SAND** in the bottom of a vase or flower bowl makes a good "frog." Keeps vase from tipping, too.

**RECIPE**

**COLD WEATHER SOUP**

3 medium-sized onions, sliced	1 pkg. noodle soup mix
1/4 lb. ham, minced	3 c. hot water
2 Tbsp. butter or margarine	salt and pepper to taste
1/2 c. fresh bread crumbs	1/4 lb. American cheese, grated
	1 egg yolk, slightly beaten

Fry onions and ham in butter until browned. Add bread crumbs, noodle mix, water and season to taste. Simmer 1/2 hour. Remove from heat, add grated cheese, egg yolk and serve at once. Serves 4.

### Residue Shredder Said Poor Weapon Against Cornborer

Urbana—These new shredders and cutters that chop up crop residues are good for many things, but they won't kill enough corn borers directly to justify their use for that purpose.

A. L. Lang, soils specialist in the Illinois College of Agriculture, today says that with a residue chopper you can shred corn stalks, clip

clover seedlings, control weeds in pastures and fencerows, or prepare your fields for plowing after you've combined the oats, soybeans, or wheat growing there.

But Lang agrees with the entomologists and engineers that a shredder is not good enough alone to control corn borers. Using a shredder before plowing will help you plow clean and thus control corn borers indirectly.

Farmers have often burned their crop trash to get rid of it and make plowing easier. This practice wastes lots of valuable organic matter and plant food. With shredders, you can save the straw, cornstalks, and stubble and help improve the soil.

### FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little PASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get PASTEETH at any drug store.

### United Nations Program Topic At Carrollton

Political and the Agency Activities of the United Nations Assembly was the theme of the program given Monday evening by Mrs. James Day and Mrs. Oren Siebermann at the meeting of the Business and Professional Women's Club held at the home of Mrs. Fred Ashlock.

Plans were discussed for the spring district meeting to be held in Carrollton in March. Miss Helen Epps the club president, Mrs. Meda Dowdall and Mrs. Mary Bolin will go to Jacksonville Feb. 12 to attend a meeting of the representatives of the other clubs in this district to plan for the annual state convention of the Business and Professional Women's Club to be held in Springfield, April 13, 14 and 15. The clubs of this district are to be hostesses and the Carrollton Club will be in charge of credentials with Mrs. Meda Dowdall as chairman and Mrs. Mary Bolin as assistant.

The club also voted to donate a sum of money to the Infantile Paralysis March of Dimes.

Five states suffering poliomyelitis called on the U. S. Public Health Service for assistance in 1949.

## Glasgow P.T.A. Program To Be Given Friday

Glasgow—The January program of the Glasgow Parent-Teachers Association will be conducted in the Glasgow school Friday evening, Jan. 20.

The entertainment committee, composed of Mrs. William Cunningham, Mrs. Estelle Cowper and Mrs. Lena Fundel, are arranging a program for the meeting. A pot-luck supper will be served preceding the program about 7:30 o'clock. Everyone attending are to bring their table service. Coffee will be furnished.

Mr. and Mrs. Roy Stewart and family, who have been residents near White Hall, have moved into the Cunningham Ranch, south of Glasgow, which was recently vacated by Mr. and Mrs. Glenn Kester and family.

Miss Vivian Hanback of Chicago is visiting in the home of her father, Lowell Hanback and family, south of Glasgow.

Edward Cumby has been in Peoria the past week visiting his daughter, Mrs. Eddie Brewer and daughter, Sydney Jo.

Miss Dorothy Hester, student nurse at Our Saviour's hospital in Jacksonville, was at home here over the week end.

Mr. and Mrs. Arthur Schafer were at their home here over the week end from Colchester, where he has employment.

All our better dresses reduced 1/3 to 1/2 price.

## Public Library Notes

Since cooking is a favorite topic this week the Public Library suggests that there are a number of interesting books in this field on the library shelves. Among those recently added are two with "smorgasbord" suggestion, "Open Sandwiches and Cold Lunches" by Bang and Rode and "Swedish Food" by Wiedenfelt. "The Art of Fish Cookery" by Meloradovitch offers information on a special phase of the art while "Table Setting" by Bidle offers useful rules and hints.

"Now You're Cookin'" by Gossett makes cooking attractive to young people and gives good suggestions for teen age parties.

Housewives will also find "How to Keep House" by Gillies and "How to Use Color and Decorating Designs in the Home" by Ketcham worth their attention.

"Complete Book of Crocheting" by Mathieson and "This is Crocheting" by Evans are notable for the inclusion of new stitches not generally known in the United States. Finally, since this list is addressed to women there is a book with help for a special group, "Widows, Wise and Otherwise" by Gladys Schultz, the author of several other useful books.

## PATTERSON

Patterson—Mr. and Mrs. Kenneth Cunningham of Winchester were Sunday afternoon visitors with Mr. and Mrs. Tom Forrester.

Mr. and Mrs. Oran Steelman of Glasgow called on Miss Lora Hahn, Sunday afternoon.

Ellis Wilkinson and grandson, Richard Ziern, and Mr. and Mrs. Amos Krumrey, all of East St. Louis, spent Saturday night and Sunday in the Harold Wilkinson home.

Mr. and Mrs. Burl McGlasson and daughter, Beverly, spent Sunday in White Hall with Mr. and Mrs. Earl Cox, and visited in the afternoon with Mr. and Mrs. Russell Wyatt in Jacksonville.

Mr. and Mrs. Earl Williams of Jacksonville recently called on Mr. and Mrs. C. H. Dawdy.

## FEWER JAPANESE BEETLES

Washington—(P)—The U. S. Department of Agriculture expects many eastern areas to have fewer Japanese beetles in 1950 than last summer. It credits high temperature and drought in 1949.

## SUNBEAM CLASS IN MEETING AT CHAPIN

# A DAZZLING CLEAN WASH WITHOUT RINSING!

## "NO MORE RINSING FOR ME!"

says Mrs. Elizabeth Davis OF PORTSMOUTH, OHIO

"I didn't believe Tide could do it... till I tried it! But it's true! I took the clothes right out of those wonderful Tide suds and put them through the wringer and onto the line. And, they looked so bright and clean—I was proud to hang them up!"

"I took my wash out of the Tide suds—wring it out—and hung it up CLEAN! I'll never rinse again!"

says Mrs. M. Hayes OF WEHAWKEN, NEW JERSEY

"Tide now makes possible an amazing new kind of washday—quick and easy, almost beyond belief. Just think of all the time and all the work I'm going to save every week... without rinsing! And think of the wear and tear it saves on my clothes! Thank you, Tide, for the biggest washday miracle of all!"

"My whole family wash dried so soft and fluffy—ironed so easily—without my rinsing at all!"

says Margaret Lockwood OF INDIANAPOLIS, IND.

"Talk about miracles! I take my clothes out of Tide's wonder suds, wring them out, and the dirt runs right out with the washwater just as they say it does! And what a beautiful fresh, clean wash without any rinsing at all! It dries soft, fluffy, easy to iron. From now on, it's Tide—and only Tide—for me!"

TIDE cuts washday work in half!  
No more rinsing!  
Just wash...wring out...hang up!

YES, another Tide miracle has been discovered—and it's the washday news of the mid-century! With Tide in your washing machine—you can take your clothes right out of the suds... put them through the wringer and hang them on the line dazzling clean! Without rinsing! Hard to believe? Yes, but it's a fact—and women all over America are proving it today.

HERE'S WHY! Tide, with its miracle suds, gets the dirt out of your clothes and keeps it suspended in the sudsy water. When you wring out the clothes, the dirt runs out with the washwater... and the clothes come from the wringer white... fresh... CLEAN!

YES, CLEAN! You all know how clean Tide has always washed your clothes with rinsing. Actually cleaner than any other washing product you can buy. Now, we'd like you to try Tide without rinsing... and then compare the results. It's simply unbelievable how bright, fresh and clean you can get your wash with Tide, without rinsing. And think of the time and work you save! So try Tide... without rinsing! If you do, you'll never want to use anything but Tide again!

No Other Washing Product Known Can Match TIDE For Getting Out Dirt And Soap Film, Too

## The pie of the month Apple Pie WITH FLAKO® CRUST

## HOW TO DO IT

Crust—follow directions on Flako package. For a hurry-up, use your favorite canned apples for the filling. If you wish to use fresh, peel and slice 6 to 8 tart apples into pie shell. Sprinkle 1/2 cup white or brown sugar, 1 teaspoon cinnamon, 1/2 teaspoon salt, tablespoon lemon juice and distribute 1 teaspoon butter over apples. Cut several slits in top crust to let steam escape, and fit over pie. Crimp edge tightly. Bake in oven at 500° for 10 minutes, reduce to 350° for 30-35 minutes more. Serve hot or cold.

"Most everybody loves the great American dessert—Apple Pie. Make it extra delicious, extra light and flaky with Flako. 28 years of skill and experience and proven quality come to you in every package. Precision-blended ingredients assure perfect results at every baking. And there's nothing to add but water. Give all the family a big treat; get fresh, canned or frozen apples and make apple pie with Flako crust."

**Musical Program  
Given At Prairie  
Union Club Meet**

An interesting program was given at the monthly meeting of the Prairie Union Community club Friday. The group sang "America," after which Mrs. Oliver Cromwell gave piano selections: Pauline Waggener, a tap dance; and Leroy Buchanan and the Gillis brothers, music and songs. The program was arranged by Mr. and Mrs. Earl Brown, Mr. and Mrs.

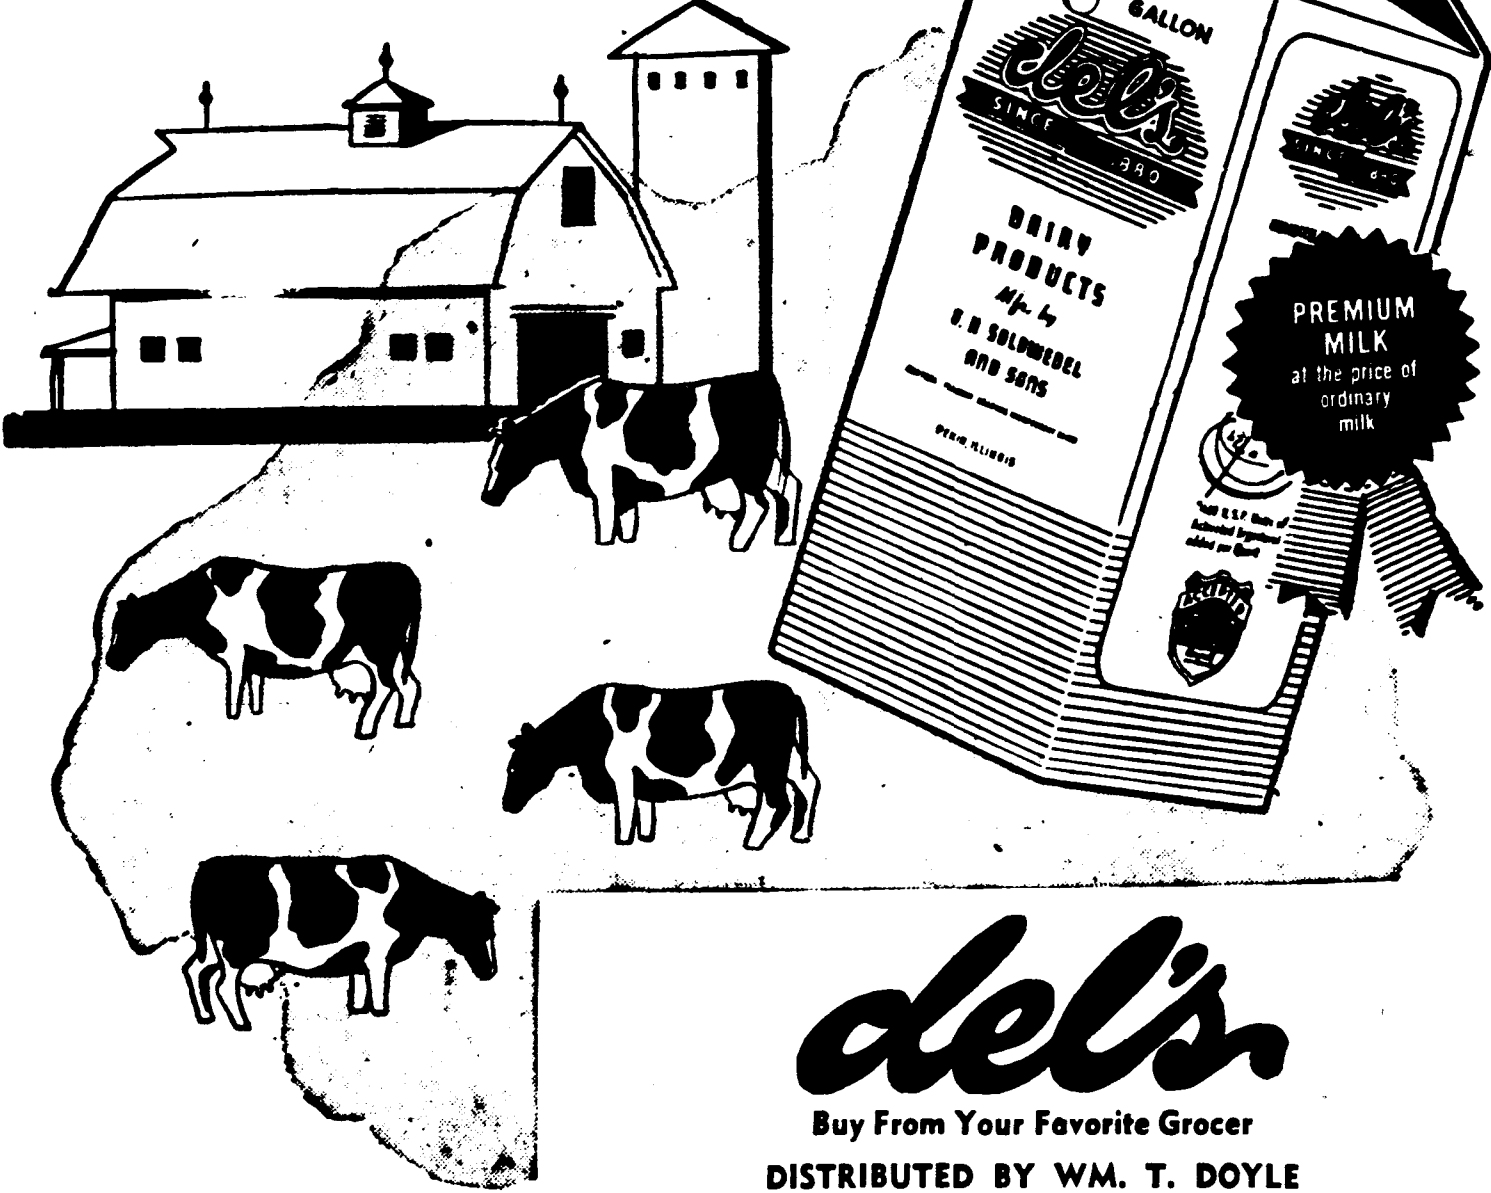

William Hull, Mr. and Mrs. Harold Waggener and the Misses Annette and Alma Halligan. A short business session was held, and refreshments were served under the supervision of Mr. and Mrs. Oliver Cromwell, Mr. and Mrs. Dwight Hopper and Mrs. Cummins. The program committee for February will include Mr. and Mrs. Arthur Wohlers, Mrs. Everett Armstrong, Mr. and Mrs. Marvin Sorrells and Mr. and Mrs. James Halligan. The National Geographic Society says dried sea slugs are one of the chief exports of Port Moresby, New Guinea.

**Manchester Unit  
Of Home Bureau  
Hears Allen Watt**

Manchester—Allen Watt addressed the members of the Manchester Home Bureau on financial plans for illness and settlement of estates at their January meeting with Mrs. William Andras. Mrs. Ernest Roach gave the minor lesson on recreation for youth. An unusual state law was named by 12 members in answer to roll

call. Mrs. John Andras was a guest, and a potluck dinner was served at noon. The next meeting will be a potluck Feb. 10 at the home of Mrs. Eva Murray. Mr. and Mrs. Norman Goodall of White Hall were Saturday dinner guests of Mr. and Mrs. Albert Powers. Ruth Simmons of Jacksonville spent the weekend with Mr. and Mrs. Wayne Hudson and family. Mr. and Mrs. Elmer Sipes and family are moving on a farm near Glasgow. The American Ice Industry produced 49,750,000 tons in 1949.

## Aviation Term Recruiters Will Be Here Friday

College men and women in the Jacksonville area interested in a career in aviation as an officer in the United States Air Force will have an opportunity to be interviewed when an Air Force officer team arrives Friday, Jan. 20.

The team members will have headquarters at Illinois college. They will explain career opportunities, assist those interested in filling out application forms, and give qualifying examinations to those seeking Aviation Cadet pilot or navigator training.

Those who have completed their college work will have an opportunity to apply for an early training class, explained Major Jack Finch, here to make advance arrangements. Others who meet the qualifications will be examined so they can enter Air Force training after they finish college.

Three types of training are open to qualified young men—the Aviation Cadet Pilot Training Program, the Aviation Cadet Navigator Training Program, and the Officer Candidate Program. The latter program, which prepares officers for nonflying

junior executive duties in administrative and technical fields, also is open to qualified young women. Appointments for interviews may now be made at the recruiting office, 207 West State street.

Liquid nitrogen will quickly chill a piece of metal to minus 320 degrees Fahrenheit.

Although the crowd at Thursday's prepared at the school are the cold session was the lightest so far and meat platters. Hor d'Oeuvres are to no one was turned away as had to be arranged Friday, which promises done on the first two days. It is expected that Friday's crowd will be the biggest yet.

On Friday, which is the closing day of the school, the major prizes will be awarded. Topping the prize list is a \$300 General Electric push button speedster range from May Appliance, which is furnishing all of the electrical equipment used at the school.

As usual, the doors to the theatre will be opened at 8 a.m. Those planning to attend are urged to arrive as early as possible in order to obtain seats.

The school attracts several male patrons daily. They follow the recipes as intently as do the women and appear absorbed in all that goes on.

Mrs. A. C. Fernandes, 1018 North Fayette street, was the first woman to enter the theatre Thursday. The line-up began at 6:20 a.m. It took only about 15 minutes to fill the theatre.

Four police officers, Cloyd Wilson, Harold Campbell, Jack Gunterman and Charles Runkel, were on hand Thursday. A representative of the fire department, Francis Casey, was also present.

**Flames Damage Inside Of Trailer**

A trailer belonging to Leonard Bess was badly damaged by fire Thursday morning about 10 o'clock at the Hawk trailer park, North Main and Walnut street. The fire was reported to have started from an oil heater.

The fire department used a line from a booster pump to put out the blaze, which charred the interior of the trailer.

More Tender... More Delicious MACARONI!

**Do You Really Want to Take Off That Ugly Fat?**

Recently there have been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulges" in a different way. Ask any well stocked Illinois druggist for four ounces of Rennel. Mix with 12 ounces of grapefruit juice and take two tablespoonfuls twice a day.

This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves. Rennel is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Rennel.

## ENTIRE SPRINGFIELD FAMILY USING THIS SPLENDID MEDICINE

"Mother, father and I are all using Rentox," writes Mrs. L. Stremmel, 832 W. Washington St. "I am in better health than I have been in years and am telling all of my friends about Rentox. For some time I have been suffering from arthritis, my arms and hands would hurt so badly I couldn't sleep at night. I also had trouble with my gall bladder and was so sick at my stomach in the morning that I couldn't eat anything without having it form gas. I heard about Rentox and decided to try it. Before finishing the first bottle I noticed a difference. My fingers stopped getting numb and I was no longer sick to my stomach. Mother was suffering from neuritis and father bloated so much that by evening he was in great discomfort. They are both taking Rentox and I feel the genuine Rentox."

It has helped them in so many ways.

**26 INGREDIENTS**  
Rentox contains 26 splendid ingredients—herbs, plant extracts, iron and other medicinal agents.  
By eliminating toxic poisons from the system, so-called rheumatic and arthritic pains are eliminated. Run down feeling, lack of vitality and pep are relieved. Helps kidneys and bladder too. Stops getting up nights.  
Rentox will not gripe, nauseate or make you sick in the slightest degree. It can be taken by every member of the family. Relieves constipation in a few hours and tones the bowels into a more rhythmic action.  
Why not go to your druggist and ask for a bottle of Rentox today? Be sure you get the genuine Rentox.

The endorsers of Rentox are busy with their own affairs. Please don't contact them. We will pay \$100.00 if we cannot produce the above testimonial.

**Bohemian Spareribs**  
2 pounds spareribs; 1 teaspoon salt; 1 teaspoon pepper; 1 No. 2 can sauerkraut; 1 tablespoon caraway seeds; 1 medium onion, sliced; 1 No. 2 can tomatoes.  
Cut spareribs in individual servings and season. Mix caraway seeds with sauerkraut and place in 8x12-inch baking dish. Arrange onion slices on sauerkraut and pour tomatoes over mixture. Place spareribs on top. Bake in moderate oven (350° F.) for 2 hours. 4 to 6 servings.

**Banquet Frankfurters**  
12 frankfurters; 1 cup prepared mustard; 2 cups seasoned mashed potatoes; 1 cup finely chopped onion; 2 tablespoons chopped pimiento; 1 cup chopped parsley.  
Silt frankfurters lengthwise and spread with mustard. Combine remaining ingredients and spread on cut surface of 6 frankfurters. Place remaining frankfurters on top, cut side down. Bake in moderate oven (350° F.) for 20 minutes. 6 servings.

**Heart Andalous**  
1 pound beef or veal heart; 1 cup water; 1 teaspoon salt; 1 No. 1 can tomato soup; 1 pound cheddar cheese, grated; 1 tablespoon Worcestershire sauce; 1 cup flour; 1 cup milk; 1 cup rice; 1 package frozen peas.  
Wash heart and remove hard parts. Cut in 1-inch cubes. Add water and salt. Cover. Simmer 1 hour. Add soup, cheese and Worcestershire sauce. Continue cooking until cheese is melted. Combine flour and milk and thicken heart mixture. Cook rice and peas separately and combine. Serve heart mixture over rice and peas. 6 servings.

**Breaded Veal Chops**  
6 veal rib chops; 1 egg; 2 tablespoons milk; 1 cup fine bread crumbs; 1 cup lard or drippings; 1 teaspoon salt; 1 teaspoon pepper.  
Beat egg slightly and add milk. Dip chops in crumbs, then in egg mixture, then in crumbs again. Brown in hot fat and season. Cook at moderate temperature until done, turn occasionally to insure even cooking. 6 servings.

**Chocolate Feather Cake**  
21 cups sifted cake flour; 1 teaspoon soda; 1 teaspoon salt; 1 cup lard; 2 cups sugar; 1 cup sour milk; 5 eggs, separated; 3 squares chocolate; 14 teaspoon vanilla.  
Line bottom of two 9-inch cake pans with wax paper. Sift flour with soda and salt. Melt chocolate. Cream lard, gradually adding sugar until light and fluffy. Add egg yolks and vanilla and continue beating. Add chocolate. Add flour and milk alternately until well blended. Beat egg whites until stiff but not dry. Fold into cake batter. Bake in moderate oven (350° F.) for 30 to 35 minutes. Allow to cool slightly, then remove from pan and cool on racks. Frost with Velvet Frosting. 12 to 16 servings.

**Velvet Frosting**  
1 cup butter; 3 cups confectioners sugar; 3 tablespoons milk; 1 egg yolk; 1 teaspoon vanilla; 1 teaspoon salt.  
Add ingredients in order listed and beat until smooth.

**Fruited Lamb Patties**  
1 pound lamb; 2 slices bacon, diced; 4 cooked, pitted prunes; 1 cup crushed cornflakes; 1 egg; 1 teaspoon salt; 1 cup milk.  
Fry bacon until crisp and fill center of prunes. Combine lamb, cornflakes, egg, salt and milk, and mix well. Divide mixture into fourths, and shape each patty around stuffed prune. Place on broiler rack. Insert broiler pan allowing 2 inches between heat and surface of meat. Broil patties on one side until they are brown, 8 to 10 minutes. Turn and broil on second side. 4 servings.

**Beef Rump Pot-Roast**  
4 to 5 pounds beef rump pot-roast; 3 tablespoons lard or drippings; 2 teaspoons salt; 1 teaspoon pepper; 1 cup water.  
Brown meat on all sides in hot fat. Season. Add water and cover. Simmer for 45 minutes to 1 hour per pound or until tender. 8 to 10 servings.

## Wolf, 3 Foxes Killed In Drive Near Meredosias

A 33 pound male wolf and three foxes fell before the fire of members of the Meredosias Sportsmen's club during a successful roundup Wednesday afternoon in which 35 hunters participated. The wolf was killed by R. O. Duvendack at a point about a mile from Meredosias.

Officers of the Sportsmen's club came to this city Thursday to collect the bounties.

The Meredosias Sportsmen's club is making plans for a larger roundup next Thursday, Jan. 6. The drive will start from the sportsmen's club house at 9 a.m., and hunters from other communities are invited to attend. Shotguns only will be used.

## MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backaches, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder variations due to cold, dampness or dietary indiscretions.  
If your discomforts are due to these causes, don't wait. Try Deane's Pills, a mild diuretic. Used successfully by millions for over 30 years. While these symptoms may often otherwise occur, it's amazing how many times Deane's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Deane's Pills today!

## BLOOD POVERTY IS MENACE TO GOOD HEALTH!

Certa-Vin Enriches Your Blood With Iron; Builds Stronger Nerves With Vitamin B; Relieves Gassy Stomach; Try This New Formula for Only a Few Cents a Day. Get It At Mace's Drug Store.

Today many modern people have "Starved Blood" because the food they eat only HALF nourishes their blood-stream. Often this is due to gassy stomach and poor digestion, so these people feel weak and look pale.

## BLOOD POVERTY

Some victims scarcely know what is wrong with them. They feel like they are tied to a log every time they try to do something. Their blood cells are shrunken or faded out. This is BLOOD STARVATION. Such persons wonder why they fail the time—why they have to be half-sick and half-well—why they can't have their full share of energy.

## NEW HEMATONIC

Works With Your Food  
Such discouraged people will now find—in CERTA-VIN—two liquid elements that regenerate Red Blood Cells. This is a new formula. Known as a Hematonic. It is taken before meals and works with your food. Thus your food digests faster and better, with less gas and bloating, so you get the fullest good out of your meals. Soon your watery blood is enriched with Iron and your nerves are energized with Vitamin B. Your red blood count goes up, and you feel better all over.

## FEW CENTS A DAY

Benefit comes quickly, usually within 3 or 4 days. And the price of CERTA-VIN is reasonable. You can actually take this new medicine for a Few Cents a Day! So if you are a victim of blood poverty, gassy stomach, or lack of vitality, don't go on suffering. Get CERTA-VIN at Mr. and Mrs. C. R. Sperry Mace's Drug Store.

No matter what height your fancy soars, you'll find a quality wallpaper to fit precisely the rooms of which you dream.

# Blueboys Entertain Little Nine Champs Sat.; Travel Tonight

The Illinois Wesleyan Titans, last year's Little Nine champs, will invade Jacksonville Saturday night to tangle with Coach Al Miller's Illinois college Blueboys in what promises to be one of the top college games of the season on the I. S. D. floor.

The "B" squad will entertain the Wesleyan "E" team in the preliminary at 6:30 p. m. and the main feature will get underway at 8:30 p. m.

J. C. goes to St. Louis for a mix with Concordia tonight.

The Titans boasting a league record of three wins against a single defeat and fresh from an 85-46 drubbing of Carthage Wednesday, will be out to avenge their only Little Nine defeat of last season. The Blueboys lashed them 67-64 in a half-raising battle to finish on the local floor a year ago, and the Blue and White team is keyed to try to turn the trick again.

**Wesleyan In Tie For C. C. I. Lead**

Coach Jack Horenberger's Bloomington veteran crew—they boast three seniors, a junior and a sophomore—are currently tied with James Millikin for the College Conference of Illinois lead; and they will be out to keep intact their bid for the league crown Saturday night.

Leading the Wesleyan scoring attack are veteran forward Fran Somers, and the Green and White's famed twin guards from Arthur, Ill., Harold and Gerald Anderson. The blond-haired twins are not only deadly set shots but they are excellent ball handlers and extremely fast as well. They and Somers were all nominees to the all-C. C. I. second

To balance out the club and provide the rebounding spark the Titans have big John Lane, 6-8 center, and Bob Hildebrand, a sophomore star. They have lost three of their '49 stars: Cal Neuman—now playing semi-pro ball—Hank Bennett and Zeke Zebos, but as usual Coach Horenberger has come up with plenty of new talent to fill the vacancies on the bench.

**Titans Have Won Six Of 12 Games**

In their first 12 games this year the Titans have appeared to be a hot and cold ball club. Wheaton had little trouble bowling them over, but two nights later they fought Murray, Ky.—the team that blasted J. C. 80-42 in the Blueboys' season opener—to a standstill before losing by five points.

Last week the Wesleyan five dumped Millikin handily, but a couple of nights later they were bested 70-57 by Illinois Normal, all on their home floor.

With six wins in their 12 games thus far, the Wesleyan aggregation will be bidding to get above the 500 mark for the first time this season.

The Blueboys are keyed up for a tough fight Saturday night. They quite obviously didn't like the taste of their 74-72 overtime defeat at North Central last weekend after having lived on a diet of victory for a full month. So they will be eager to send the Titans home with their second Little Nine loss Saturday.

**Blueboys Wheaton At Home**

The veteran Illinois college quintet have posted nine wins in 12 outings so far, and have yet to lose a contest on their home floor. In fact, they have not been beaten at home since the powerful Eastern State Panthers turned the trick early last season.

Bill Shouse, race-horse Blueboy guard and set shot artist, paces the club in point making with 202 points in 12 contests. Bill Gross has counted 155 tallies in the same number of games, while Bob Grove has scored 145 points in 10 starts.

Grove leads his teammates in conference scoring with 47 points in two games. Gross and Shouse are next with 33 and 28 counters respectively.

Besides the three leading scorers Coach Miller will send senior center Don Longer and sophomore forward Barney Vilk onto the floor at the start in his bid to trim the Titans.

**At Concordia Tonight**

But before the Blueboys tangle with the Bloomington aggregation, they must deal with Concordia of St. Louis at St. Louis tonight.

A month ago the Blueflies vanquished Concordia's Preachers 77-47 at I. S. D. gym, but the game was closer than the score would indicate. I. C. led by only four points at halftime; then, they turned on the steam to build their advantage to 30 points before the Preachers tallied after intermission.

Banking on 6-8 center Ron Goerss, and speedy veteran teammates, the Concordians will be out to pull an upset.

In their third game in four days the Millermen will play host to the Huskies of Northern Illinois State Teachers at I. S. D. Monday evening.

# Henrich Honored By Sport Magazine

New York, Jan. 19.—(P)—Tommy Henrich of the New York Yankees, known to all baseball followers as "old reliable," was honored tonight at a dinner tendered by Sport magazine, which named him as "athlete of the year."

A dozen other of sports' top performers were cited for outstanding work in 1949. They were Jackie Robinson, baseball; Leon Hart, college football; Otto Graham, pro football; Alex Groza, college basketball; George Mikan, pro basketball; Ray Robinson, boxing; Sammy Snead, golf; Sid Abel, hockey; Pancho Gonzales, tennis; Mel Patton, track; Steve Brooks, racing; and Joe Verdeur, swimming.

A panel of 11 experts made the selections.

# TRINITY QUINLET WHIPS JHS-FFA 15-11

The Trinity Boys club basketball team tipped Jacksonville high school's F.F.A. quintet 15-11 last night.

Long, Trinity forward, was top scorer in the tussle, netting six tallies. Thompson marked five times for the F.F.A.

# KILLS DUCK BANDED IN 1933 IN PLACE 3,750 MILES AWAY

Modesto, Calif., Jan. 19.—(P)—What is the life expectancy of a duck—provided it avoids hunters' guns? And just how far does it fly?

The surprising answers in the case history of one adult male sprig were given today by Egbert Jones, Modesto district duck banded.

At the Newman duck club on Oct. 1, 1933, Jones banded this particular bird.

On Sept. 22, 1948, in Ugashik, Alaska, 3,750 air miles away, John V. Struck killed the same pintail.

# American League Teams Will Play 250 Exhibitions

Chicago, Jan. 19.—(P)—Before the major league baseball season opens in mid-April, American league teams will have been tested by almost 250 exhibition games—115 of them against National league foes.

The American loop service bureau today announced a "grapefruit" schedule that begins March 11, ten days after spring training opens officially, and sends junior circuit clubs meandering through 23 states.

The world champion New York Yankees have the most ambitious spring program, 39 contests—six being tilts with their world series' victim last fall, the Brooklyn Dodgers.

The Cleveland Indians are matched most against National loop opposition, 26 games. The Tribe and New York Giants engage in the longest inter-league feud, 18 games, which stems from the fact that both clubs will train in Arizona and will take the show on the road from that state. The Indians will train at Tucson and the Giants at Phoenix.

In all, the Yankees have 15 games with other National league rivals, including seven against the St. Louis Cardinals.

The Chicago White Sox, training at Pasadena, Calif., have lined up a 37-tile card. It lists six games with the Chicago Cubs, also training on the west coast, and jousts with Los Angeles, San Francisco, Oakland and Sacramento of the Pacific Coast league.

# Dr. Robt. Dysinger Heads Consultants On Mental Health

The Sunday edition of the New York Times carried a story regarding mental health activities in the New York area in which reference was made to Dr. Robert Dysinger, head of the staff of consultants Regions I and II of the United States Public Health Service.

A former local man, Dr. Dysinger is the son of Dean and Mrs. Wendell S. Dysinger, 404 East State street. He attended Illinois College and the University of Illinois College of Medicine in Chicago. He served his internship at the United States Marine hospital, San Francisco, and his psychiatric residency at the United States Public Health Service hospital, Fort Worth, Texas.

The regions which he now serves cover New York, Pennsylvania, New Jersey and Delaware, and the six New England states. He was formerly on the staff of Bellevue hospital.

# Married Man, 25, Admits Killing Girl 'On Impulse'

Lancaster, Pa., Jan. 19.—(P)—Edward Gibbs, 25-year-old Franklin and Marshall college senior, was held without bail today charged with murdering attractive Marian Louise Baker, a secretary at the college.

He signed a four-page statement saying he choked and bludgeoned the 21-year-old girl "on an impulse."

District Attorney John M. Rank said, however, he is not ready to accept that explanation.

He said there might be two or perhaps three motives for the crime, among them jealousy, and the possibility that Gibbs is a "psychiatric personality."

Miss Baker was slain shortly after she disappeared on the afternoon of Jan. 10. Her battered body was discovered four days later beneath a cottage three miles south of this eastern Pennsylvania city.

Gibbs surrendered yesterday, walking into the office of the college president to announce "I'm your man. I did it."

Authorities disclosed they began suspecting Gibbs after he had allegedly asked a fellow student how quickly a body decomposes. The fellow student, son of an undertaker, told his father about it and the father notified police.

# New Walkout By Soviets Ties Up U.N. Atomic Talks

Lake Success, Jan. 19.—(P)—New Soviet walkout—strikes broke up secret atomic talks in the United Nations today and cut off Russian dealings with the western powers and Nationalist China in Washington, New York and Geneva.

The Soviet boycotts on diplomatic parley fronts over the world were carried out in the continuing Russian-led propaganda campaign to get Nationalist China thrown out of international councils and make room in them for the Chinese Reds.

In quick succession, Soviet delegates strode out of the six-power atomic talks here, from the big power military staff committee in New York City, and from the 13-nation far eastern commission in Washington. The Russians also boycotted the winter session of the U.N. trusteeship council in Geneva.

The Russians now have boycotted nine U.N. organs in less than two weeks and have slowed down or stopped the work of most of the organizations affected by the walks.

They say the price for their return is the ouster of Nationalist China, but no one here professes to know how long the Russians may be absent.

**BACK TO WASHINGTON**

Cpl. Warren Heimlich has returned to Washington, D.C., following a visit here with his grandmother, Mrs. Bernice Heimlich, 223 West College avenue. While here, he attended the marriage of his sister, Miss Frances Heimlich, to Richard Lynu.

# Gus Zernial Signs 1950 Chicago Pale Hose Contract

Chicago, Jan. 19.—(P)—Slugging outfielder Gus Zernial today signed his 1950 Chicago White Sox contract after everybody concerned was satisfied "Ozark Ike" has recovered completely from a bone-shattering mishap last season.

The strapping Californian, who was batting .355 last year before he smashed his collar-bone trying a diving catch, got a salary boost, but General-Manager Frank Lane didn't say how much.

Zernial spent the past few months under the care of a Los Angeles masseuse on Lane's order. Big Gus' program of muscle rebuilding including hoisting 30-pound weights over his head.

Zernial, Harry Hatfield of Los Angeles, the California health expert, and Johnny Kerr, the Sox' Pacific Coast ambassador, all spread the word that the injured shoulder was as good as new.

But Lane today sent Zernial to the club physician, Dr. John Claridge for a "technical diagnosis." X-ray pictures and Dr. Claridge's examination indicated a full recovery, Lane said.

So all was joy and sunshine when Zernial marched into Lane's Comiskey Park chamber later in the day and signed his 1950 pact without any quibbling by either party.

# Annual Speech Contest Feb. 25 At Ashland H.S.

Ashland—Readings and one-act play books for the annual speech contest have arrived and are being distributed to the various contestants, who hope to participate in the district contest to be held on February 25th.

The Ashland entries will be in comedy reading, serious reading, oratorical declamation, verse reading and the one-act play division. Competition will call for a preliminary contest held here at the high school auditorium sometime before the district contest in order to select the representatives from the local high school.

**Christian Church Supper**

A nice crowd was in attendance at the fellowship supper and program held in the basement of the Christian church last Monday night at 6:30 o'clock.

The following program was held. With Mrs. Betty Kruse in charge. Vocal duets, "Whispering Hope" and "Ready to Serve" by the Misses Waukena Coop and Joan Kruse, with Mrs. Leta Hammack as accompanist; a talk on "Our Children and the Learning Process" was well given by Clyde Schumacher, coach of the local grade school. He also had a recording machine, playing the record of "Bozo at the Circus." Benediction was said by Rev. Len Paull.

**Entertain Boys' Club**

The annual party for the Royal Ambassador's Boys' club of the Baptist church was held Monday night at the home of Mr. and Mrs. Seth Minter. Many interesting games were played. Awards were given to individual club members for good sportsmanship, loyalty to the organization, good conduct and for good co-operation throughout the year.

Refreshments consisting of ice cream and cake were served by the hostess.

# Joe Page Named First Winner Of Babe Ruth Award

New York, Jan. 19.—(P)—Joe Page the New York Yankees' brilliant pitcher, today was named winner of the first Babe Ruth award, a prize which will be given annually to the outstanding player of the World Series.

The New York chapter of the Baseball Writers association of America established the award this year to honor the memory of the great Yankee and king of the home run hitters.

Page, 32-year-old hero of the Yankees' pennant victory and World Series triumph, will be presented with a plaque at a ceremony at Yankee stadium early in the season.

Page, the fastballing, southpaw relief artist, appeared in three of the five games of the 1949 series triumph over Brooklyn and gained credit for one victory and no defeats. In a total of nine innings Page allowed six hits and two runs, fanned eight and walked three.

# White Sox Up Salary Of Wight

Chicago, Jan. 19.—(P)—The Chicago White Sox greatly admire the ability of Pitcher Bill Wight even though they regarded his rumored demand of \$17,000 for next season a little out of line.

The Sox reportedly have offered Wight, a 15-game winner last year, a \$13,000 contract, \$4,000 more than he got for 1949.

Sox General Manager Frank Lane said, "after all, Wight is one of the best, if not the best left-hander in the American League."

# HALF-CENTURY HIGHLIGHTS

(Copr., Underwood & Underwood)  
**VICTORY PARADE** of the suffrage forces, with their bright yellow emblems and their Star-Spangled Banners, honored their leader Carrie Chapman Catt in New York, 1920. The women celebrated their newly-won right to vote after the 19th Amendment was passed. The woman suffrage movement began shortly after the Civil War, and once came near to success in 1878, but it wasn't until August, 1920, that the 19th Amendment was proclaimed in effect. It had been a bitter, 50-year struggle to overcome, as Mrs. Catt put it, the "primitive prejudices and resentments" against making women political equals. Today, women voters—as well as women legislators and even cabinet members—are taken very much for granted.

## I Love My Doctor

By Evelyn Barkins

XXXIV  
 MY business did not end with law school either. First, there was our annual anniversary which came next.

"A whole year!" we would exclaim whenever there was a respectful pause during the day. "Incredible!"

John bought me a complete set of legal stationery, beautifully engraved with "Counselor-at-Law." "That's me!" I said happily, running my finger excitedly over the raised lettering and feeling more convinced and proud than when the Dean had given me my diploma.

I gave John a leather wallet (the storekeeper's best), as a symbol of our increased prosperity, and that night we had a big party at home to commemorate what Bob in his initial toast called, "The founding of the B. Republic." "Dynasty would be more like it," I giggled.

There was a moment's silence for station identification.

"Well, what do you know?" gasped Bob.

"A baby!" exclaimed Agnes, as if she were solving a cross-word puzzle, and had just hit the missing four-letter key word, top row across.

"Congratulations!" said Geri Shaw, for once too startled for profanity.

Everyone seemed strangely touched, as if I had announced that John and I were going to try to swim the English Channel.

"We've got news, too," Bob said, after the first wave of well-wishing had diminished.

"Yes," said Agnes, "we're getting married at Christmas, and you'll all be invited."

There was another hubbub for this, in which I worried about how I would attend at that late date.

"Yes, sir," said Bob importantly. "It worked out fine for John not to wait until he was completely finished at the hospital, so we're doing it too."

"I've got rights," she bellowed before I could even question her. "Imagine a hit-and-run driver knocking down my Percival! I'll sue him! I got his license number all right, before I picked Percy up. My poor Percy!"

The very next day a Mrs. Pritchett came in with her 8-year-old son Percival, demanding to see me.

"I've got rights," she bellowed before I could even question her. "Imagine a hit-and-run driver knocking down my Percival! I'll sue him! I got his license number all right, before I picked Percy up. My poor Percy!"

While she was blowing her nose, I started on Percy. He was playing ball, he told me, only partially coherent, and he ran into the gutter after his ball, when the car came.

"Almost killed him," Mrs. Pritchett wailed at this point.

"Did it hit you?" I asked the surprisingly healthy looking child, who resembled a fullback for Notre Dame rather than an accident victim.

"Almost," said Percy importantly.

"Fool!" shouted Mrs. Pritchett clapping him over the head with her handbag. "I told you it hit you hard on your head!"

"This is almost as bad as starting a medical practice," I told John that night. "Only, thank heaven, we don't have to count on it for our living expenses, or else it might not be so easy to turn down those phones."

BUT the next case that I got was a wonderful, real taste of unadulterated law.

A Mrs. Slater, 50, gray haired, and respectable, came in to see John, practically in nervous collapse. It appeared that her husband had had her arrested for stealing some of his personal property, and the case was coming up next week.

"He said he would get even with me for leaving him," she sobbed, looking as much like a thief as Sister Kenny or a Salvation Army colonel. "Oh, doctor, what will I do?"

John was diplomatic. "Have you a lawyer?" he asked.

"No," she answered, "but Mrs. Ryan told me that your wife was an attorney. I can't pay much, but would she take the case for me?"

Would I? At the exact moment of acceptance, I was the spirit of Justice herself, scales, blindfold, and all; and Mrs. Slater went home with the happy assurance that the new criminology wizard, none other than the famous Mrs. B. herself, would rescue her from the dragons at the hearing next week. Then I sat down and tried to figure out just how I would accomplish this amazing feat.

## Capacity Attendance At Third Session Of Food Pageant School

By MARI KALER

Chilly weather played a part in keeping the attendance at the third session of the Journal Courier Food Pageant Cooking School within the limits of seating capacity of the Fox-Willis theatre Thursday morning.

The line-up began forming at 6:20 a. m. The first big surge of patrons quickly filled most of the seats by 8:15. All of the women were able to be accommodated and it was not necessary to turn away huge groups as was the case on the first and second days of the school.

A variety of meat dishes were featured at the session Thursday, along with a number of appetizing breakfast suggestions.

The session opened at 9 a. m. with the introduction of the instructor, Miss Dorothy Holland, by Robert A. Forehand and filled with a fig and Pan of the Journal Courier, which is sponsoring the school in cooperation with the National Livestock and Meat Board. Both Miss Holland and her assistant, Miss Nancy Carter, are members of the board's staff.

**Daily Food Essential**  
Miss Holland discussed food nutrients, stressing the importance of including all the food requirements in the diet, spread over three meals a day.

She reviewed the proper methods of meat cooking, dry heat methods, broiling and pan broiling, for the tender cuts, and moist heat methods, braising and cooking in liquid, for the tender cuts.

Cooking meat at low temperatures was especially stressed. In this connection, Miss Holland offered an easy-to-remember motto: "Turn down the heat and save meat."

Miss Holland said that the proper way of cooking sausage was then demonstrated. Miss Holland placed the links in a cold pan, adding a small amount of water. They were allowed to simmer and then browned. These drippings may be saved for flavoring.

By leaving the skins on apples, as Miss Holland did in the preparation of the apple fritters, a good texture and color is achieved. The fritters were browned in hot fat.

**Colorful Salad**  
A delicious-looking salad, banana pear castanet, was next. This was made with cherry-centered pear halves and sliced bananas with peanut butter.

When using the bananas, the instructor suggested leaving a strip of peel about an inch wide on the banana, thus making it less slippery and easier to work with.

She gave tips on the kinds of bananas to use for various purposes, stating that slightly green-tipped and all-yellow are best for cooking, while those flecked with brown are best for immediate eating.

**Furs and Dresses Shown**  
The fashion show Thursday centered on furs and afternoon dresses. Serving as commentator was Mrs. Fae Gilchrist, who directs the show, which is presented by Wadell's Ready-to-Wear. The models were Mrs. R. G. Baker, Miss Mildred Heath, Miss Sylvia Plouer, Mrs. Elise Plouer, Miss Betty Townsley and Mrs. Ruth Pennell.

Points on broiling were given by Miss Holland as she prepared the fried lamb patties, which consisted of prunes stuffed with diced bacon and surrounded by the lamb patties.

A high temperature, between 500 and 550 degrees, is used for broiling. The meat should be placed two to three inches from the heat. Broiled meat is best when served hot, preferably on a hot platter. The broiling tray may be used for vegetables.

Coral salad mold was the last item fixed. The delicate coral shade was achieved by using tomato soup. Cream cheese and vegetables were added. The mold was placed on a large tray, centered with ripe olives and garnished with spinach. Corn beef briskets were also placed on the tray.

**Foods Get Applause**  
A hearty round of applause greeted each dish as it was shown to the audience during the parade of foods. A dinner setting was shown first, after which the foods were featured.

Mrs. Mary Craig and Miss Mary Bentley again assisted with the parade.

Shown were the Bohemian spareribs with brown and serve rolls; the coffee cake and coffee; heart and dulse with the banana pear castanet salad; spice cake, served with tall glasses of milk; veal chops; apple fritters; the coral salad tray; sausage with scrambled eggs in toast cups and coffee; the fried lamb patties, with green beans and creamettes; banquet frankfurters with catsup; the Dutch molasses pie with nuts; and the beef rump pot roast with rutabaga wedges and green beans.

Foods to be prepared at the final session, Friday, will be apple-raisin pie, sauerbraten, peasant cake, veal riblets-sauce rice, banana-bran bread, creole lamb stew, roast ham, cran cookies, hash aristocrat, orange drop donuts and hors d'oeuvres.

**GRAVE-DIGGING RITES FOR WHITE HALL INFANT**

## Jury May Get Jersey Murder Case Friday; Defendant Testifies

Jerseyville, Ill., Jan. 19—(AP)—Lenard (Lucky) Hawkins, 23, on trial for murder, testified for himself today, and there were no other witnesses for him.

He pinned his chances on his story, from the witness chair, that Albert E. Clark, of Boise City, Okla., was killed by a shot from Clark's own gun last October while they fought over a girl they had picked up.

The cross-country trip that ended death had started at Clayton, N.M., where Hawkins was working. Hawkins said he and Clark were on the way to the World Series, which they figured would be played partly in St. Louis. Clark also was employed at Clayton.

Clark's body was found on a country road near here on Oct. 12. Quickly, as authorities pieced information together, Hawkins became the object of a broad search. Five days later he was arrested at Dalhart, Texas, and he promptly gave a statement and waived extradition.

Testifying today, Hawkins said the girl was Mildred Lason and that they met her in a cafe not far from Kansas City. He said she agreed to come to St. Louis with them.

On the fatal night, he said, the girl asked him to turn into a side road. Clark was asleep on the back seat. Then, he continued, the girl "started making passes" at him, and Clark woke up and accused him of stealing the girl.

That brought a fight, he said, during which Clark's pistol went off, and the girl fled across a field. She hasn't been found.

Hawkins described the girl as young, a blue-eyed brunette.

State's Attorney Alvin H. Pettit has indicated that he might ask for the death penalty. The case probably will go to the jury Friday afternoon.

**By Arthur Thatcher**  
Jerseyville—The trial of People State of Illinois vs. Lenard Hawkins of Hartshorn, Okla., indicted on a charge of murdering Albert E. Clark, his friend, of Boise City, Okla., entered its final phases here Wednesday afternoon with the district testimony of the state being rested.

Among the highlights of the testimony heard Tuesday afternoon, was that of Juanita Groves of Judith, Montana, former sweetheart of the defendant, Lenard Hawkins.

Miss Groves testified regarding her associations with Hawkins over a period of several years which ended late last summer in Dalhart. She testified that on the night of October 8 she had gone to Dumas, Texas, to attend a dance with Otis Benson of Dalhart.

Enroute home, while she and Benson were sitting in the car at the side of highway out of Dumas, a car pulled up behind them with the lights out. It proved to be Hawkins who came to their car and threatened Benson. Hawkins compelled Miss Groves to get out of the car at the point of a gun. He and Benson then engaged in an altercation during which a shot was fired. Benson was knocked down and "pistol whipped" by Hawkins and robbed of his billfold and its contents.

**Was Forced Into Car**  
Hawkins then forced Miss Groves, she testified, into his car and they started enroute to Dalhart. Later they turned off onto another highway and followed another road which led toward Amarillo. Before passing through Amarillo, he compelled her to change to men's clothing which was in the car. They then passed through Amarillo and went to a cabin camp where they obtained a cabin.

Early in the morning, Miss Groves testified, Hawkins with a fire extinguisher as he lay sleeping and escaped from the cabin. She ran to the office of the cabin camp and was later followed there by Hawkins. He paused when he reached the office and then returned to the cabin from whence he came. Later he left the office and returned to the cabin, the locality in the car and took the Tucumcari highway.

That was the last Miss Groves saw him until Oct. 15 when she saw him enter the front door of the cafe where she was working at Dalhart. Early in the morning, Hawkins had a gun in his hand, and at sight of her he fled from the place by a rear door.

## Two Stores Destroyed, Beardstown Fire Loss Approaches \$250,000

BY CHARLES BELLATTI  
Journal Courier Staff Correspondent

Beardstown—Sweeping through the basement of the two story brick Schmitt building with the fury of a blast furnace, fire Thursday wiped out the interior of the F. W. Woolworth and Company and Great Atlantic and Pacific Tea Company stores in the heart of the business district here. Estimates of damage ran as high as \$250,000.

The conflagration, one of the worst in this Cass county river port community's history, was discovered at 7:40 a. m. and burned throughout the day. Combined efforts of fire-fighters and equipment from Beardstown, Jacksonville, Rushville and Virginia brought the flames under control between noon and one o'clock, but a long battle remained for the firemen, who were aided by scores of volunteers.

Dense smoke which rose 1,000 feet into the air and blanketed the entire business district penetrated into the Beardstown Hardware company to the south of the Schmitt building and did considerable damage to that establishment.

**Many Offices Damaged**  
In addition to the two large stores with a frontage on State street of approximately 150 feet, the burned building housed the following offices, all of which were located on the second floor: Dr. M. C. Brockman, dentist; Dr. Fred R. Miller, chiropractor; Dr. Russell F. Black, dentist; Miss Helen Brown, public stenographer; Attorney Hardin Hanks, and the S. W. Coe loan company. These offices were damaged mainly by smoke and water, the flames being halted between the first and second floors.

Shortly after firemen from Jacksonville arrived, another fire alarm was sounded in Beardstown from the six-room residence of C. R. Ogilvie, 405 West Seventh street. One Beardstown pumper and the new Virginia truck were dispatched to the scene. Despite their efforts the second fire engulfed the home and entirely gutted the frame house.

Damage from that conflagration, which is believed to have started from the electric water heater, will also reach a high figure.

The downtown fire evidently started in the furnace room, which is located in the rear of the building on Second street, and which is walled off from the rest of the basement of the building.

It was reported that Fred Volkmar, caretaker of the building, had been at the building shortly before 7 o'clock this morning and had banked the fire as usual.

Sometime between then and 7:40 when E. G. Marshall discovered smoke in the A&P store rooms, fire broke out in the furnace room and spread up through the joists into the main part of the Woolworth store.

**Blast Shatters Windows**  
When the firemen arrived at the scene at 7:40 o'clock this morning the Woolworth store was filled with smoke and flames were shooting out in the corner of the store, directly over the furnace room. Almost at the same instant the truck arrived at the corner, there was an explosion inside the building and one of the plate glass windows on the State street side of the Woolworth store was blown out.

A 12 inch brick and concrete wall separates the Woolworth rooms from the A&P grocery rooms, but a small hole, about 18 inches in diameter, a "manhole," had been cut between the two rooms and had been covered over.

Firemen were aware that the small hole was a "danger spot" for the fire to spread and they made every effort to get back to the spot and get it sufficiently protected, but were unable to accomplish the work because they were driven back by the heavy smoke.

The intense heat generated by the flames made firefighting a mighty warm job, even though the thermometer stood at 14 degrees.

**Fire Chief Overcome**  
Several casualties were reported. Fire Chief Roy S. Patterson was overcome by smoke and exhaustion and was taken to a doctor for treatment. He "rested" for less than half hour and then returned to aid in fighting the fire.

Joe Orr, volunteer fireman, suffered a hand injury when falling glass cut the back of his right hand.

Chief Charles Lonergan of the Jacksonville department, who directed the fight after Patterson was called to the residence fire, received a small cut on one finger, but did not require medical attention.

Several other firemen and volunteers received cuts and two men were injured by falls, resulting from the icy pavements. The extent of their injuries was not ascertained Thursday afternoon.

Marshall, manager of the Beardstown A & P store for over 20 years, and Max Fowler, manager of the
